

Fiscally Sponsored Organizations:

To participate, we will need a Memorandum of Understanding (MOU)/Letter between the fiscal sponsor and the sponsored organization with the following:

1. Approval for the sponsored organization to use the sponsoring organization's EIN for tax purposes, including a signature from both entities.
2. The letter needs to be on the sponsoring organization's letterhead with its address and EIN.
3. The letter needs to include the fiscally sponsored organization's name and address.
4. How would you like to receive funds (via direct deposit or check). You will want to include the sponsoring organization's authorization in the letter stating this.

If you prefer check, please specify if you'd like to receive the funds directly to the sponsored organization's office.

The letter can contain other pieces of information that the organizations agree are important as well, per your discretion. Once you have this documentation completed, simply email support@mightycause.com with an attached document of your letter and we can move forward with creating your page.

Please see the registration page instructions for an example of an MOU.
